#### STREET STORIES

County Commissioner George Evans was in the city today en route from the Texas State Fair to his home at Newport. Mr. Evans states that the fair is better this year than ever before.

A slight rain fell over this section last night. The rain, though pretty general, was not heavy enough to seriously impede the farmers from gathering what cotton yet remains in the fields.

On account of the absence of some of the city commissioners the regular meeting that was to have been held last night was deferred until some time today, when it is expected all will be present.

Several individuals with bad dispositions indulged in a few free for all survivors of the fight in different sections of the city last night with the result that the police court this morning resembled a cross between a house of consolation and a base hospital behind the fighting lines in Europe.

Yesterday in district court the case of the State vs. Fate Carruthers, charged with attempting to steal an auto, returned a verdict of not guilty and the defendant was discharged. Today the case of the State vs. Jeff Davis, charged with violating the liquor laws, is on trial. After this case is disposed of the case of the State vs. Jim Smith, charged with murder, will go on trial.

Today in district court the case of the State vs. Jeff Davis, charged with violating the liquor laws, was on trial. The case was given to the jury this afternoon, who had not returned a verdict at press time. The case of the State vs. Frank Jones et al for maintaining a place where liquor was sold, was on trial this afternoon. The next case on call is that of the State vs. Jim Smith, charged with murder.

## The Best Place to Buy a Piano

NO MATTER WHAT THE PRICE LIMIT

while quality is the dominating thought, we offer pianos at as low a price as it is safe for anyone to buy a piano. New pianos begin at \$225.00. Pianos worth less than that you can not afford to buy, and we can not afford to sell.

Prices extend up to \$300, \$400, \$500 and even up to \$1250.00 for Lester Grands.

Whatever limit the purchaser has mentally fixed as to price, we are in a position to give the maximum value. Our stock is very complete at this time, and we offer easy payments to reliable purchasers.

In Egypt Buying Corn.

J. W. Green of Snyder, Texas, who has been in the Washita valley country buying corn, has spent a day here visiting with his old friend, Capt. W. R. Wood. In Mr. Green's country very little corn is raised. The people depend upon kafir corn chiefly. He paid 75c a bushel for corn delivered at the car in Pauls Valley.

Looking Over Farm Lands.

F. W. Little of the Wichita Loan & Trust company, is here visiting with

Sam G. Woods, and looking over the country. These men have returned from a trip through Carter and Jefferson counties. Mr. Little states that some very interesting changes are being made in this country. It is noticeable that as new farm houses are being built they are good houses and big barns are being built, and gradually the country is being changed for the better. He states that a country of such fertile lands as Carter county has will inevitably be filled with a good class of farm homes and of highly developed farms.
